IMPORTANT NOTES:

- Please read our current Key Features Document for general information and minimum fund investment limits. Important information about each fund is contained in the Key Investor Information Document (KIID). You should read the KIID for each fund you are switching into.
- For fund switches on Select Investment Plans, if you've made a profit on the money you invested in the fund you're switching from, you could be liable to capital gains tax. You have a yearly allowance, which can reduce the amount of capital gains tax you may have to pay, or remove it entirely.

If you have any questions about this or to pay any tax due, please contact HM Revenue and Customs. Tax rules can change and the exact tax treatment depends on individual circumstances.

- If you switch from a fund after a dividend has been announced but before the distribution has been paid (this period is referred to as ex-dividend), the distribution will be paid on the old fund based on your existing instructions.

I/we have seen the latest KIID for each of the fund(s) I am/we are switching/redirecting payments into.
